

Heather Higgins  
Jefferson  
LD 1619

Senator Carney, Representative Moonen and Honorable members of the Joint Standing Committee on Judiciary, my name is Heather Higgins. I am a resident of Jefferson, Maine and I oppose LD 1619.

LD 1619 is dangerous for the health and welfare of women.

It is a dangerous legislation it is barbaric to both women and children!

There is a reason most states in the United States would never allow this. Please don't let the state of Maine become one of these few states that are trying to allow something this dangerous and inhumane. Please vote ought NOT to pass.

Thank You
