What's OneDrive?

Microsoft OneDrive is cloud storage that you can get to from anywhere. It helps you stay organized, access your important documents, photos, and other files from any device, and share those files with friends, family, or coworkers.

On your PC or Mac

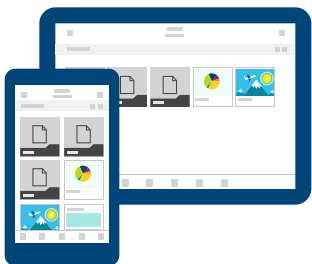

The OneDrive folder on your computer always keeps your files up-to-date. Anything you add or edit in there gets synced via the cloud to your other devices or people you've shared with.

Access your files anywhere you have internet access. Log in at [OneDrive.com](#) to view and share any file or create Office documents right from your browser.

On your phone or tablet

No matter where you are, your files are always within reach with the OneDrive mobile apps for Android, iOS, and Windows Phone. To get the app, go to [OneDrive.com/download](#).

Add files

The easiest way to get started is to drag and drop files into OneDrive. After you [install the app](#), find the OneDrive folder on your PC or Mac. Or visit [OneDrive.com](#) and drag files into the browser window.

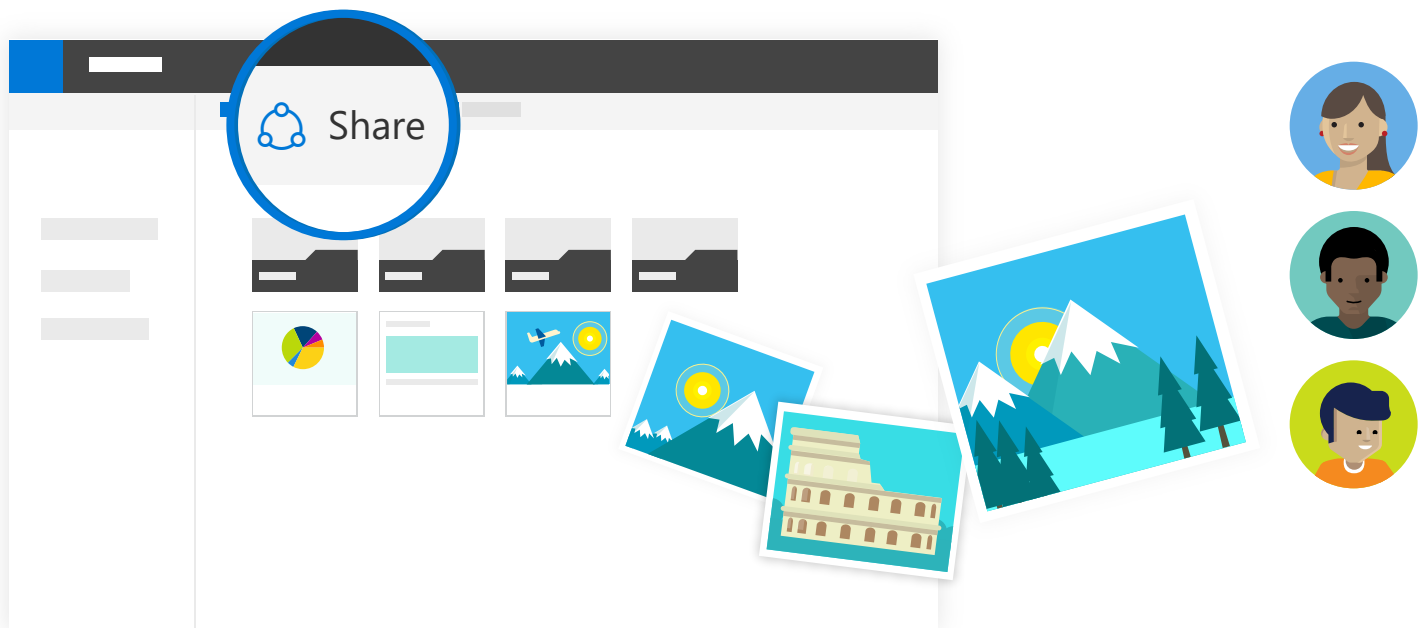

From your phone or tablet

You can add files from your mobile device using the OneDrive app. Turn on camera upload to save the photos and videos you take, and you can easily view them on another device or share them with friends and family.

Effortless sharing

Instead of emailing files back and forth or running into trouble sending large files, share with OneDrive. When you do, people will receive a link to the files or folder. Rest assured that everything you put in your OneDrive is private until you share it.

Share photos and albums

Photos you upload to OneDrive are easy to share with friends and family. Just got back from a vacation and want to share the experience? Send a link to a few of your best photos or create a gorgeous album you can invite others to enjoy.

Do more with Office

With OneDrive and Office, you can create documents on any device, access them from anywhere, and work together with other people.

Get the free apps

Use the Office mobile apps to create and edit documents from anywhere. Tap the icons to download the apps now.

Use Office on the web

You can create Word documents, Excel spreadsheets, PowerPoint presentations, and OneNote notebooks from any device for free from the OneDrive website. Sign in to OneDrive.com and then choose "New".

Edit docs on the go

When your Office documents are in OneDrive, you can open and edit them from the OneDrive mobile apps or the OneDrive website.

Collaborate with others

When you share an Office document, you can give people permission to edit it so you don't have to send around different copies in email. This way, they can insert comments, images, charts, and other content to the document themselves.

Get the premium experience

There's a lot you can accomplish with the power of the free OneDrive service, but if you need more storage or want access to premium features, try Office 365. You'll get 1 TB (1000 GB) of OneDrive storage, exclusive tools that will help you be more productive, and the latest versions of Word, Excel, PowerPoint, and Outlook for your PC, Mac, and mobile devices.

Cynthia Tillson
Poland
LD 1619

Senator Carney and Representative Moonen, Honorable Members of the Joint Standing Committee on Judiciary, my name is Cynthia Tillson and I'm a resident of Poland.

"Maine the way life should be" is our state motto but today our lawmakers, who we elect to represent our voice, are considering a bill, LD1619, that would allow the killing of unborn children until birth. They don't have a voice so I'm using mine on their behalf. 60% of Maine citizens do not agree with this bill, pro-life and pro-choice, it is too extreme.

I believe life begins at conception, every life is a gift from God, and every person has value.

The Bible says in Psalm 139: 13-14 : "... You created my inmost being, you knit me together in my mother's womb, I will give thanks to you for I am fearfully and wonderfully made."

I ask you to consider also the long term psychological, emotional, and physical harm, including death of the mother. there is a chance she may not be able to conceive, if and when she chooses to in the future. This risk increases the later in her pregnancy she chooses to have an abortion.

Booker T. Washington stated: " A lie doesn't become truth, wrong doesn't become right, and evil doesn't become good just because it's accepted by a majority."

Do we want Maine to become a vacation destination where women come to end the life of their unborn children or remain Vacationland where they bring their children to enjoy all our beautiful state has to offer...mountains, lakes, rivers, and breathtaking coast?

"Behold, children are a gift of the Lord, the fruit of the womb is a reward. Like arrows in the hand of a warrior are the children of one's youth. How blessed is the man whose quiver is full of them. They will not be ashamed when they speak with their enemies at the gate, " Psalm 127: 3-5

Our children are our future. I pray your hearts will be softened, you will do the right thing, and vote "ought not to pass" on LD 1619.

Thank you
