I implore you to vote no on this bill. For the sake of the babies growing, fully dependent on others to protect them and to stand for their lives. I am pleading on behalf of these children who have no voice. I gave birth to my youngest three months ago. I felt him moving in my womb from 14 weeks gestation up until he was born at 39 weeks when I could see him making those same movements. These babies have a right to life and you have taken it upon yourselves to strip them of that right. I can think of nothing more heartless and evil. Do what is right and stand for them.
