LD 1619

Senator Anne Carney, Representative Matt Moonen and esteemed members of the committee, I respectfully ask you to vote ought not to pass on LD 1619. The content of this bill as it is propels any safeguards for the idea of abortion being safe, out of the water. The innocent baby will always choose life. These babies are not the mother, though once pregnant, females are mothers. These babies deserve to be born without the pain of tools ripping them apart. Please see Live Action's Baby Olivia for seeing how beautifully a human develops in the womb. Let's not turn I95 into a river of blood where mothers come from all over to kill their children. Vote ought not to pass on LD1619.
