

Mary Albee
East Machias
LD 1619

I am Mary Ann Albee, a resident of East Machias and I strongly oppose LD 1619, as a Mainer I never thought we would come to this point of having a choice to murder or not! There are many loving married couples that cant have children that would pay out of their own hard earned money to raise many of these innocent babies, (that were created in the image of our God), or families that would add to their families the joy of another child. I beg you please do not to pass this LD 1619
