

Stephen Balyint
East Machias
LD 1619

I oppose any bodily reproductive laws that allow for an abortion beyond an emergent medical necessity. Furthermore, I do not support any reproductive laws that do not give equal choice to both reproductive parties (mother and father). In the best interest of Maine families, our children, and the Country LD 1619 can not and should not be entertained. LD 1619 needs to be rejected in all parts.
