LD 1619

Senator Carney and Representative Moonen, Honorable Members of the Joint Standing Committee on Judiciary, my name is Alyssa Morrison and I am a resident of Mechanic Falls. I am writing to testify in opposition to LD 1619. This bill promotes unnecessary and unethical abortion in the state of Maine. This bill does not protect women's rights, it protects pro-abortionists and their desire to end life at any stage of pregnancy regardless of viability. This is no longer about science. Abortion is already such a gruesome and inhumane practice that, unfortunately, many people do not fully understand. To make them elective regardless of scientific viability is opening wide the doors to the genocide of our future generations in the guise of 'women's rights'. I, as a woman, oppose this bill.
