

Rebecca Cummings
Windham
LD 1748

I write to OPPOSE LD1748. I do not support any legislation which removes annual oversight, transparency, or control of school budgets.

As taxpayers we have a right to participate in budget discussions with school boards and town officials, to provide feedback, and hold the forementioned accountable for acting outside the will of the taxpaying citizens.

If anything, taxpayers/legal citizens should be afforded more authority and oversight throughout the school district/RSU finance and budgeting processes; not less!

LD1748 Ought NOT PASS
