

Patrick Finn
Lewiston
LD 1619

Senator Carney, Representative Moonen, and members of the Judiciary Committee:

My name is Father Patrick Finn. I am a Catholic priest serving in Lewiston, Lisbon, and Sabattus. Abortion at any stage is clearly the killing of a human being at its smallest and most fragile. It is enough of a horrendous shame that Maine allows legal access to abortion at all; we must not expand access to abortion, which is never a solution. We must never let Maine become a destination for death.

Life is worthy of protection at every stage. I implore you to oppose LD 1619 and the other related bills.
