Dear Committee Members:

I ask that you vote OUGHT to PASS on this bill.

By my paying my taxes and the State using this \$\$ to fund abortion, then you are violating my moral and spiritual commitment to GOD.

I do not pay taxes, as required by law, so that you can use this \$\$ to fund illicit items.

I pay my taxes so that you can keep the roads and infrastructure in good shape and pay for items that are necessary for the State to operate. I am tired of the State paying for those who want to KILL babies.

Again, I ask that you vote OUGHT to PASS on this bill.
