

Melissa Berky
Bangor
LD 1639

Dear Labor Committee,

I am writing in support of LD 1639 Safe staffing ratios for bedside nursing. I give this bill a very big thumbs up! Recently, I have been with my loved one through multiple hospitalizations. He was seriously ill in the hospital at EMMC. It is really horrible, anxiety producing, and dangerous to not have a nurse come in a timely manner. And it happens a lot especially on nights and weekends and holidays. Please support this bill.
