LD 1614 - An Act to Require an Ultrasound and Certain Counseling Before an Abortion

Position: Support

Senator Carney, Representative Moonen, and members of the Judiciary Committee. My name is Clare Desrosiers, from Linneus, ME. I am submitting testimony in Support of LD 1614.

LD 1614 puts practices in place which provide more information and time for a woman to make a life-changing choices. Many women experience life-long trauma and regret from their abortions. This bill aims to prevent this trauma by ensuring women have access to has much information and options as possible. Requiring a waiting period of 48 hours to make a decision after receiving thorough information and options further allows the patient the time to reflect and consider different options.

For these reasons, I ask you to support LD 1614.

Thank you.
