

Nathalie Davidson  
Portland  
LD 1726

Dear Representatives.

My name is Nathalie Davidson and I live in Portland, Maine. I am a parent with 2 children in daycare. Currently 25-30% of our salary goes to childcare costs. I am a nurse and my husband is a teacher. This has put a large financial burden on our family. It is my hopes that you consider supporting Troy Jackson's bill, LD 1726, which supports Maine's system of child care by advancing compensation for educators and creating affordability for families.

Thank you,

Nathalie Davidson
