

Kelly Coffin  
Clinton  
LD 494

Honored Members of the Judiciary Committee , My name is Kelly Coffin from Clinton, Maine. I am testifying in favor LD 494, HP 311. I am in favor of Maine Law coming into alignment with the Federal Hyde Amendment. As a tax payer I find it ABHORRENT that my tax dollars go to support abortion of ANY type. To me this is taxation without representation. Mainecare as a program is already budgetarily tight. Continued coverage will likely add more cost to the annual budget thereby increasing tax payor burden. Please vote to repeal title 22 section 3196.

I also would like to express my support for LD1197, HP 0757 An act to Prevent Coerced Abortion. It does happen . I have heard and read of personal experiences.  
Thank you.
