

Kelly Coffin
Clinton
LD 771

Honorable Members of the Judiciary Committee, My name is Kelly Coffin from Clinton testifying in favor of the passage of LD 771,SP330.I have heard personal testimonies of woman actually on the surgical table, feet in stirrups decide they do not want to go through with an abortion only to be told they had to and be bullied by nurses and doctors . This is an incredibly difficult and confusing time for a woman and they are vulnerable . There is a LOT of money being made from abortion and I believe it can taint a professional's judgement for their own gain. This should NEVER happen. This bill will help empower women and help keep weak professionals from possibly being tempted to abuse their power. I once had a similar experience when I was pregnant and was told by medical professionals that I HAD to have a C-section and was threatened that insurance would not pay if I didn't and I could not afford to pay myself .
