

Kelly Coffin

LD 1614

Honorable members of the Judiciary Committee, My name is Kelly Coffin from Clinton. Please vote to pass LD 1614, HP1039.

This is a common sense protection to make sure a woman is getting complete informed consent.

I have heard that abortion facilities do not have to receive inspections . If this is true that should be addressed as well. Could we possibly be stricter with restaurants than places doing actual medical procedures?? Thank you , for the women.
