LD 494

To: All Members of the Judiciary Committee

I support LD 494 An Act to conform state funding to the Federal Hyde Amendment, limiting funding for some abortion services. This bill would reduce Maine taxpayer costs for the small minority of women who seek abortions (1095 per year). It would lead to a reduction in insurance premium costs, and free taxpayers from forced payment for a service they never use and for which they have moral objections.

LD 494 Ought to pass.
