Senator Carney and Representative Moonen, Honorable Members of the Joint Standing Committee on Judiciary, my name is Janet LeBlanc and I am a resident of Waterville. I am testifying in support of LD 771, SP0330 An Act to Protect a Woman's Right to Withdraw Consent for an Abortion

Pregnant women and pregnant minors at times may feel pressured into having an abortion. They at times may give consent under duress. We need to protect pregnant women and pregnant minors from having an abortion performed against their will. Pregnant women and pregnant minors should always have the right to change her mind about abortion. There should be criminal consequences for those who perform abortions after consent is withdrawn.
