

Gary Frank Strickland  
Brunswick  
LD 771

Dear Judiciary Committee,

Please support this act to allow a woman to withdraw from an abortion procedure prior to the killing of her baby. This is common sense and protects the ability of the woman to consider the error of abortion and choose life. This should be encouraged not only by our elected officials, but for the mother, and for the life of the innocent baby.

Sincerely,

Frank and Sue Strickland  
Brunswick, Maine
