LD 1614, An Act to Require an Ultrasound and Certain Counseling Before an Abortion. Position: SUPPORT.

Senator Carney, Representative Moonen, and Members of the Judiciary Committee:

My name is Michelle Truman of Hallowell, Maine. I am writing in SUPPORT of LD 1614.

When it comes to pregnancy, informed consent is what a woman needs. An ultrasound is such a vehicle of informed consent, a "window to the womb".

LD 1614 supports informed choice and hopefully prevents a lifetime of regret because of blind, emotion-based action. An informed decision is far superior.

I also support LD 771, LD 1197, LD 1249, and LD 1809 for the same reason. Knowledge is power.

I strongly urge the Committee to vote OUGHT TO PASS on LD 1614. Thank you!
