

Pamela Slattery-Thomas  
Standish  
LD 1810

Dear Taxation Committee chairpersons and members:

My name is Pamela Slattery-Thomas, and I live in Standish, Maine. I would like to show my support of LD1810, and urge you to do the same at tomorrow's (May 9) hearing.

As a descendant of several prominent Standish families, as well as a lifetime resident myself, I have seen the Town go from rightful pride in its history and the buildings which housed so much of the same, to the rash of burning (by firemen/women for training purposes), tearing down and otherwise disrespectful actions which can never be replaced.

The passage of this bill could be a win-win for all with its financial incentives.

Thank you very much for considering my testimony. I look forward to celebrating the success of the bill as it passes your votes.

Sincerely,

Pamela Slattery-Thomas
