

Candace Greenberg  
Lakes Region Recovery Center  
LD 1714

Dear honorable members of our House, Senate and Committee, my name is Candace Greenberg and I reside in Bridgton, Maine. I am a person in recovery, I also work in the recovery field at Lakes Region Recovery Center in Bridgton. I've accomplished personal and professional goals as a sober person because of my work with LADAC counseling, Recovery Coaching and support meetings at Recovery Centers. I am writing in favor of LD174. I have seen the positive results of engaging people in a program of recovery...families affected positively, education and employment opportunities, good, positive, healthy changes with sobriety. Thank you for your kind attention to this very important Bill, LD174. Please consider and accept this written testimony as a resounding IN FAVOR of the passage of this crucial Bill to help and keep helping our Recovery Community in Maine.
