Oakland
LD 1619

Dear Committee members, As you know Maine's state motto is, "I lead!". And this is true! And we now have an opportunity to do just that, to lead the way. I want Maine to be known for all that is beautiful and strong, like it's people. I moved here from Ohio 11 years ago and was immediately struck by the strength and determination of the people of Maine, and the absolute beauty of the land. Maine is known for these things! I believe that voting for life speaks of strength and beauty. That's who the people of Maine are. That is why so many came to give their testimonies for life! So I strongly encourage you to do the same. Say no to LD1619. And stay in alignment with the purposes and greatness of Maine by voting for life.
Thank you!
