Senator Baldacci and Michelle Meyer and members of the Health and Human Services Committee: My Name is Cory Reynolds and I am testifying today in support of LD 328 An Act to improve "Mental Health" in Maine. I understand it is a bill to direct DHHS to Maine Care rules (sec. 17) May the Health and Human Services Committee please pass it unanimously so that it can help people that are struggling with mental health get the care and the right meds that they need to survive and live a happy life.

Mental Health Awareness and getting the right care is what I believe we need. The shootings that are happening today is caused by people with mental health issues and that should get the help they need. please I ask you to vote ought to pass on LD- 328.

**Thank You,
Republican Cory R.
