LD 1735

Chairs and Members of the Judiciary Committee,

I am writing in opposition to LD 1735, an Act to safeguard Gender affirming Health Care.

This bill is fundamentally evil. It's purpose is to separate parents from children. Many children will end up in foster care. So many have testified to great sexual abuse in the system. It is about transgender trafficking, not different than any other form of trafficking. Puberty blockers alone will create a slow down of natural progression of physical and emotional growth. Mental stability will become a major issue. This bill is insane! Why are the Dems so hell bent on destroying this generation? Vote ought not to pass on LD 1735.

Sincerely outraged,
Renee Fortin
