

Pete Harring  
Washington  
LD 1735

Senator Carney and Representative Moonen, Honorable Members of the Joint Standing Committee on Judiciary, my name is Pete Harring and I am a resident of Washington. I am presenting my written testimony in opposition to LD 1735.

Having been a child myself, I was not sure who I was, or what I really wanted probably a thousand times. Allowing gender reassignment surgery and puberty blocking drugs for minors is simply wrong. I see no problems with waiting until they reach adulthood. After such time people can do whatever they wish to their own body.

I ask that all of you do the moral and just thing and vote "OUGHT NOT TO PASS".  
Thank you for your time.

Sincerely, Pete Harring  
Have a Blessed day.
