RE: LD1735

Dear Committee Members,

My husband and I are writing to you to ask you not to pass the bill LD1735. Please do not confuse our children or take away parental rights anymore than has already been done in Maine. God created all of us as a man or woman. If you allow the minority to continue to confuse the situation with their ideals, you will be going against God and He is not the author of confusion.

Our children need to be protected, loved, trained and educated in a mature way that will allow them to make the decisions that will honor them as an adult. They do not need to make life altering decisions that cannot be reversed before they can understand the consequences of their choices. Please vote "ought not to pass" so that our children can remain children and not pawns of strangers who do not even care about them.

Sincerely,
Anita M Merritt
