LD 1619

Write today to urge out not to pass for LD 1619.

I'm opposed to abortion at any time and especially LD 1619 because is too extreme for Maine.

This bill would allow a viable baby that could survive outside the womb to be killed.

Adoption is a far better alternative and the best solution for the Mother and baby.

Medical necessity is already covered by current law and LD 1619 is not necessary.

Thank You.
