LD 209

I am writing in support of the Amendment to LD209 which would allow a bike trail to be built on the unused Portland to Auburn railroad, providing the crucial link for the Casco Bay Trail vision. Not only does it open up significant alternatives to adding exhaust fumes to our air, it also encourages folks to get out and exercise in a safe, no-traffic sharing way. My husband I would look forward to having this option and urge you to pass this amendment.
