

Patricia Frechette
Standish
LD 678

dear Committee Members;

It only makes sense that the parent has a right to know if the school employees are using different names for their child and also why they are doing it. It seems the parents are taking a back seat to their children and that should not be happening. The Parents are responsible for their children until they turn 18. Stop trying to take that away!

I respectfully request that you vote
OUGHT to Pass on this bill.
