

Alexander Maffucci
Bar Harbor
LD 1909

Dear ENR Committee,

My name is Alex Maffucci, owner and president of Atlantic Brewing Company in Bar Harbor. I write to you to urge you to support LD 1910 over LD 1909. It is clear that the Bottle Bill needs reform to keep beverage containers in a recycling program and not on the ground of our beautiful state. As everyone is aware, costs are rising for everyone across the board and the brewing industry in Maine has not been spared. A further cost burden to both brewers and distributors is not a magic bullet to repair the redemption system. Many points need to be addressed to fix this system and I feel LD 1910 is the best bill suited to combat the issues.

Thank you for your time
