

Michaela Wood  
Veterans and civilians of Maine  
LD 1914

I am a registered nurse with a masters in plant medicine and have personally witnessed other humans heal themselves through the use of psilocybin as well as have used psilocybin to heal myself. The benefits of psilocybin is incredibly promising for so many people struggling with their health and wellness. The safety profile is robust. I support this bill and advocate for the use of psilocybin.
