

Pam Peters
Yarmouth
LD 209

I live in Yarmouth on Riverfront Dr which has immediate access to the rail line through Yarmouth's Riverfront Woods Preserve. I would love to be able to hop on my bike to ride into Portland or Auburn.

What would be an immediate benefit for me and my neighborhood is a way to get into town, towards the school, without having to cross East Elm St, very close to the intersection with a busy North Rd. There are many children that ride from this side of town that use the sidewalks and there is no crosswalk to get to them.

I walk my dogs twice a day which requires me to cross 4 times. I am lucky to be pretty mobile and an active pedestrian for many years. I feel this is one of the scariest crossings that I have encountered.

Thank you for your attention, Pam
