

Kristina Zuidema
Standish
LD 1450

My name is Kristina Zuidema. I live in the town of Standish. I am writing in support of LD 404 Mountain Division corridor to become a trail and LD1450 to help fund building the trail. My husband and I often bike the trail from Standish to Windham and the trail in Fryeburg.

Extending these trails would give the neighboring communities more access to being outdoors and exercising.

This is an investment in the communities and for generations to come. I love seeing people biking, walking, and running on these trails.

It is much safer for people to be on the trails instead of the roads with car and truck traffic.

Please support both LD404 and LD1450.

Thank you.
