Senator Chipman, Representative Williams, and Members of the Transportation Committee:

My name is Peggy Brown and I am a resident of Brunswick. I am writing in support of Rep. Bell's proposed amendment to LD 209, "Resolve, to Direct the Department of Transportation to Implement the Recommendation of the Portland to Auburn Rail Use Advisory Council". Having rail trails like this linking communities in Maine would encourage active transportation for Mainers of all ages. It would impact those who live near the trail by giving them opportunities to walk and ride safely away from motor vehicles and it would draw folks from away looking for a beautiful and safe place to be active outdoors. There are economic, environmental and health benefits for all of us in Maine every time we make such an improvement in our state. Please give this project your support.

Thank you.
