

Christopher Goodall  
Gorham  
LD 1450

My name is Chris Goodall, I live in Gorham, I am writing in support of LD 404 to allow the Mountain Division corridor to become a trail & LD 1450 to help fund the building of the trail. The best use for the state-owned Mountain Division corridor is a wide paved trail for walkers, bikers, and runners, accessible to people of all ages and abilities. This trail extension will connect to the highly used Mountain Division rail-trail that already exists in Gorham and Windham. As a member of the Presumpscot Regional Land Trust, I understand the value that this investment brings to our communities. Please strongly consider the passage of this initiative.

Thank you,  
Chris Goodall
