LD 1450

Esteemed Chairman and members of the Transportation Committee:
my name is Isabel Higgins and I am writing in support of LD 1405 which will provide a funding mechanism for LD 404, to transition the Mountain Division Trail as recommended into a multi use, multi-generational site for outdoor activities including walking, biking, running, and stroller use. I strongly urge you to recommend it "ought to pass." Thank you for your time and consideration.
