I fully support the rail trail initiative. I am an active cyclist and have lived in Cumberland for over 30 years. I enjoy cycling all around the area, but the roads are becoming busier and busier with car traffic. Having a trail network to connect Portland, Falmouth, Cumberland, Yarmouth, Pownal, New Gloucester and Auburn will provide cyclists of all types an opportunity to get outside and ride safely, away from car traffic. I look forward to commuting to Portland on the trail network!!
