

Roger Buck  
Portland, ME  
LD 1904

I am Roger Buck, of Portland, ME. I am opposed to this bill. It will significantly slow the process of approving tenants by not allowing criminal history to be checked until all other screening is done. This will make the already difficult process of securing new housing even more trying. By encouraging housing providers to not check criminal history, it will put other tenants at risk. This bill is bad for both tenants and housing providers.
