

Tom Reeves
Gardiner
LD 209

Senator Chipman, Representative Williams, and Members of the Transportation Committee

My name is Tom Reeves and I am a resident of Gardiner. I am writing in support of LD 209, Resolve to Direct the Department of Transportation to Implement Recommendation of the Portland to Auburn Rail Use Advisory Council..

This corridor would create a new connection by way of active transportation between Maine's two largest population areas. It will the area and the state social, economic, and environmental benefits. The trail will afford new access to the communities and link business, parks, open space, and cultural institutions.

I thank you for supporting this bill.
