Morrill
LD 1914

I am writing in strong support of LD 1914, An Act to Enact the Maine Psilocybin Health Access Act.

I would like to encourage you to add provisions to the bill for research facilities to study the beneficial medical effects of psilocybin treatment. This could open up a new field of research for higher education institutions in the state.

Psilocybin has tremendous medical benefits. Maine can be a leader in this.
