LD 1619

Senator Carney, Representative Moonen, and Honorable Members of the Joint Standing Committee on Judiciary:

My name is Sue Clark - born & raised in Maine. I received my education here and have worked as an R.N. in Maine hospitals and schools for over 50 years.

I am a mother of two grown children and have four grandchildren.

I love the State of Maine and the wonderful life my family and I have had here.

I must speak out at this time to **STRONGLY OPPOSE** the LD 1619 proposal.

This is an **EXTREME** bill that allows for the intentional killing of full term babies without restriction.

The proposed bill removes viability restrictions and expands abortion access up to the time of birth.

It also removes penalties for unlicensed persons performing abortions. Why?

Aborting full term children is not a reflection of the values of most Maine people, Mainers are known for their care & concern for others, especially the most vulnerable.

I speak up for the health & safety of our most vulnerable - the child in the womb who has no voice.

There should be greater restrictions on abortion not fewer.

Please vote **NO!** Thank you.
