

Brunswick Bay Mobile Home Cooperative was created in 2012 after the residents purchased the park. We are a perfect example why the legislation is important. Our former owner an attorney from the Boston area came to us to give us the opportunity to purchase the park. We then organized and purchased the park. If the owner had not given that opportunity we may not be here today. I have three other private mobile home parks in Brunswick and I would like to have those parks to have the same opportunity as we did.

Christopher Strange
Past President Brunswick Bay Mobile Home Cooperative
Brunswick, ME
