Belfast
LD 2004

I was shocked to discover that the Wabanaki tribes in Maine are denied federal benefits that all other tribes in the U.S. are granted. A 2019 report by Suffolk University found that 151 federal laws were passed between 1980 and 2019 to benefit tribes in the U.S. The Wabanaki tribes were ineligible. This is immoral. Please pass LD 2004.
