

Eileen Kreutz  
Industry  
LD 1578

Good morning,

I am a voter in the town of Industry where I have served as Election Clerk and Warden in prior elections. I have studied (and taught) the details of the NPV Interstate Compact and wish to offer my support for LD 1578.

Joining the Compact would empower Maine's voters by joining their votes with others around the country. The candidates who reach out nationally in the best, most inclusive manner, with the best platforms and stances on the issues, would garner the most votes in the nation, bringing democracy to its true meaning. Maine will empower itself by joining this compact and it will empower its citizens as well. Thank you for your work.
