LD 1578

I write in opposition LD1578, "An Act to Adopt an Interstate Compact to Elect the President of the United States by National Popular Vote".

The National Popular Vote Compact would eliminate Maine's say in the choice of President as our small population would be overwhelmed by the votes in other states. In short, the NPV Compact does not comport with the electoral college process but, in fact, is a perversion of the electoral college.

Again, I oppose LD1578.

Thank you.
