Town of Eliot
LD 602

I believe that LD 602 promises to be beneficial for the State's regional planning commissions. I am the Town Planner for the Town of Eliot, and our regional planning commission, SMPDC, has greatly helped our planning and transportation initiatives with technical assistance and funding assistance. I believe this bill would be particularly effective to the extent that it provides adequate funding assistance to regional planning commissions to help them effectively deliver technical assistance. Regional planning commissions are a very important player in good planning and infrastructure investment in Maine.
