Greetings

I want you to know my opinion on this matter. I don't want only a select few from my town of South Berwick to sway your vote. I gather the Veterans and Legal Affairs committee recently heard a bill that if passed would have Maine join the National Popular Vote Interstate Compact. This bill is vital for protecting our democracy and ensuring that future presidential elections will be won by the candidate who gets the most votes in the country. I don't want you to disenfranchise millions of voters, nor create distrust in the electorate and I don't want to place undue importance on a series of battleground states. I want my kiddo to know that votes count.
