To Whom It May Concern,

As a 32-year-old single mother, the whole family program has helped my family in many different aspects. From unconditional support to knowledge of useful resources, and, much, much, more; I am extremely grateful for the support of my whole family coach. About a year ago, I suffered from a massive stroke and the support that surrounded my family was unwavering. This program goes above and beyond for the families it supports!

Sincerely,
A grateful single mother
