

Gregg Tabbutt
Ellsworth
LD 780

My name is Gregg Tabbutt from Ellsworth, Maine and I am testifying on LD 780 Resolution, Proposing An Amendment to the Constitution of Maine to Protect Reproductive Autonomy.

I am 73 years old, married, with two grown and married children. I have been on both sides of the abortion issue and understand them well. The wording of the title of this proposal is clever in that it sounds like someone's freedom is being protected. But that freedom comes at the expense of someone else's freedom, namely an unborn child. To be brief, the taking of the life of an unborn child is against the founding documents of this nation which enshrine the "right to life" and against the moral laws of the creator of all life. This action simply cannot be justified in a sane and moral culture. Thank you for your consideration
